Mrs. Robertson,

Dear Teacher,

I am answering your letter.
I received a letter from you sometime ago.
However I have not had the time
to write you all this time, which is
a long while, but today I have some time
and I am replying to your letter.
When you informed me of so many
good things in your letter,
I was very glad.
At the present time, I
am in very good health
as I write this letter. The end
of the school year for me will be June 3, '80.
The year-end examination
went well for me.
I am now in a period of rest.
All the other students have gone home

so I am the only one now living
at the boarding house.
Regarding this summer (vacation),
I want to live in town and continue
to study. I am doing
very well right now.
Let me say this. From the time I
first left my home, it is seven years
this summer. So now, I have
forgotten my home life. It has been so
long since I've seen my family: but I am
not ready to go home yet. I want to know
Hepsie is married?
I received a letter, recently, from Tullahassee,
but it bore no name.
Not knowing who sent me this letter,
I returned it to Tullahassee. Now I would like for you
to find out who it was and let
me know.
As for the people in this town,
everyone seems to be in good health.
I hope to hear from you very soon.
From your truly, W. A. Palmer
